

# Hazards on the Homefront

Come to a **FREE** training workshop for 4th-12th grade teachers!

Tuesday, June 24, 2003  
9:00am - 1:30 or 4:00pm

or

Tuesday, August 12, 2003  
9:00am - 1:30 or 3:00pm

Cedar River Watershed  
Education Center  
North Bend

- Learn about safer alternatives to hazardous household products and how to teach your students to improve their health, safety, and environment.
- Receive ready-to-use lesson plans that are easy to integrate into existing curriculum.

**Workshop Format:** The basic workshop is scheduled from 9:00 a.m. until 1:30 p.m. On June 24, teachers may attend an optional guided tour of the beautiful watershed area. On August 12, we will spend more time on lessons, but allow time for exploring the area around the Center on your own. Those staying for the extended day may sign up for additional clock hours.

## *This free workshop includes:*

- Stipend for certified King County teachers on completion of workshop objectives
- Free *Hazards on the Homefront Teacher's Guide* & Green Cleaning Kit
- Refreshments
- Clock hours (available for a fee)
- Opportunities for free follow-up classroom assistance for projects

Free resources are available for teachers who complete the workshop!

**Register by mail, phone, or fax to:** (please expect a written/email confirmation)

Workshop date (circle one): **June 24, 2003** **August 12, 2003**

☐ I am interested in clock hours.

☐ Sign me up for the 2-hour tour of the watershed (June 24 only)

☐ Sign me up for the extended day on August 12

## About the Workshop Location:

The Cedar River Watershed Education Center is a gateway to the Cedar River Watershed, which is the primary source of water for Seattle and more than two-thirds of King County. Get great ideas for future field trips while learning more about the issues surrounding the region's drinking water, forests and wildlife. The Center is located about 30 minutes east of downtown Seattle off exit 32 on I-90. Exact directions will be sent with confirmation materials.

## Some activities you can do in the area include:

- Take advantage of the walking, biking and hiking opportunities in this spectacular natural setting
- View the unique local artwork that highlights water in our environment
- Visit the interpretive hall and learning laboratories for hands-on environmental learning

To find out more about the center and the 90,546 acre preserve surrounding it, please visit their website at: [www.cedarriver.org](http://www.cedarriver.org).

# FREE Workshop for 4th - 12th grade teachers

*I enjoyed the hands on activities and I know the kids will too.*  
— Grade 4 teacher

*It has so many simple yet effective ideas that I can immediately use in my classes.*  
— High School teacher
